Gentlemen

I have put in today's mail the attached letter concerning the lack of follow up to my July 9, 2014 letter that summarized the meeting we had with you here at ACCD on June 27<sup>th</sup>. In particular, the lack of progress in the time agreed to has left us in a very difficult and regrettable position.

Please consider carefully the potential consequences of not following through on the requests we made, as the impacts are considerable.

Thank you for your focused attention on these significant matters vital to the effective operation of the Vermont Regional Center and the future of both the AnC BIO VT and Q-Burke Resort EB5 projects.

JK
