Bill,

Let me echo Karen's invitation—we would love to have you at the meeting!

One housekeeping item: the Newport Gateway Center's address is 84 Fyfe Drive. An earlier draft of our meeting agenda had the incorrect address, which is how it got into Karen's information about the meeting. We wouldn't want you showing up at the wrong location!

Hi Bill,

For all you have done- Kudos!

For all you and your team are about to do- FULL SPEED AHEAD!!

I wanted to invite you or a representative of your team to the Vermont Telecommunications Board meeting , scheduled for this Friday in Newport.

Talk about convergence: the VTA will be discussing a strategic construction plan to assemble multiple, disparate sections of dark fiber in the Northeast Kingdom into one operational fiber network.

This will be critical infrastructure that supports the economic development renaissance in the region and we would look forward to your team's input and comment.

Meeting details:

October 5

9A – 11:30 A

The Gateway Center. 222 Main Street Newport, VT 05855

We can arrange the agenda to coincide with what might work best on your schedule, plan for about an hour of discussion.

Please let me know if you would like to attend.

Best,

KM
