Thanks, Ted. This works perfectly for me, will be finishing a meeting with John O'Kane ahead of that, will probably have Pat Moulton Powden with me.

Lawrence –

I left a message for James earlier today – but here are some details about a news conference Senator Leahy plans to have on Friday, March 18<sup>th</sup> to announce his introduction of a bill to make the EB-5 program permanent. He is still working on fine tuning a larger EB-5 modernization bill – but in the meantime, he wanted to get this permanent extension bill out there in the event he sees an opportunity to get it passed or start negotiating. Given the state's leadership implementing the program here in Vermont - we'd be honored to have you – or a designee - participate. Please accept my apologies for the short notice – yesterday we found ourselves with an hour of Senator Leahy's time we didn't expect, and figured we'd take advantage of it.

Below is a draft agenda of the press conference:
