

PETER SHUMLIN  
Governor

State of Vermont  
OFFICE OF THE GOVERNOR

May 11, 2012

Dear Partners,

I am writing in hope you will participate in a Governor's Workshop designed to assist my Administration in the development of key policy ideas and action steps to ensure that all Vermont children graduate from high school prepared for post-secondary education, career success and active lives as contributing citizens. This workshop is especially timely given state level governance changes enacted by the recent General Assembly.

The event will be facilitated by the Vermont Council on Rural Development, sponsored by the Vermont Community Foundation, and hosted by the Windham Foundation at the Grafton Inn. It will begin at 5:00 PM on Tuesday the 12<sup>th</sup> of June and conclude at 4:30 PM on the 13<sup>th</sup>. Please see the attached agenda and invitation list.

The workshop will allow participants the opportunity to both have an open dialogue about fundamental questions on the appropriate direction of education in a rapidly changing world and to create a comprehensive strategy to ensure that all Vermont children graduate from high school prepared for post-secondary education, career success and active lives as contributing citizens. It is my expectation the workshop will culminate with a concrete list of the most important steps needed to realize this goal. Your attendance for both days is critically important to the success of this process and I encourage you to commit to the full event.

To register for the Workshop go to: <http://vtrural.org/workshop>. If you have special needs or questions on the logistics for the retreat, contact Margaret Gibson McCoy at [info@vtrural.org](mailto:info@vtrural.org) or 802-223-6091. Call Paul Costello at 802-223-5763 with questions on the content or agenda for the sessions.

We look forward to your participation and to working with you to advance Vermont's leadership in the renewal of public education.

Sincerely,

A handwritten signature in black ink, appearing to read "Peter Shumlin", with a long horizontal flourish extending to the right.

Peter Shumlin

## **Governor Shumlin’s Workshop on Education**

**The Grafton Inn, Grafton**

**June 12<sup>th</sup> and 13<sup>th</sup> 2012**

The Governor’s Workshop on Education is intended to allow the Administration to explore key policy ideas to improve Vermont’s Pre K-12 education system, to develop a comprehensive and coordinated education platform, and to define specific action steps to be implemented over the next two years to advance the progress of public education in Vermont.

*The Workshop will center on creating a concrete list of the most important steps we will take, as a State, to ensure that all Vermont children graduate from high school prepared for post-secondary education, career success and active lives as contributing citizens.*

What policies and comprehensive strategies should be advanced to ensure success for every student?

How do we build common ownership of our vision of success for all students and common direction that includes local leadership, education system leaders, interest and stakeholder groups, and public policy partners?

What concrete strategies and action steps should be implemented over the next two years to advance our educational priorities?

Are there ways to improve the productivity of our schools and stretch our dollars further to support student success?

The retreat is hosted by co-sponsor, the Windham Foundation, supported by co-sponsor the Vermont Community Foundation, and produced by the Vermont Council on Rural Development.
